

# "Fossils Rock!"

1-3pm, March 22, 2014

 The Nature Center  
Clifty Falls State Park 

Fossils rock! Journey into Earth's history with us for a geologic adventure! Great for your family spring break!

**1pm "Fascination With Fossils"** Our afternoon begins indoors with fossils in hand getting to know Southeast Indiana's most common fossil types, how nature produces fossils, and the importance of the fossil record.

**2pm "Fossil Collecting!"** We'll complete your fossil quest by carpooling to a location near the town of Madison where you'll be able to collect a variety of amazing 450 million year old fossils! Bring shoebox etc. for your specimens.

- Program fee \$2/person age 5 and up.  
Please pre-register at 812-273-0609.  
Children must be accompanied by an adult.
